

ICEEE • 2019

International Conference on Energy, Ecology and Environment

NORWAY

July 23-26, 2019

Stavanger Norway

KEY DATES

Submission open
March 01, 2019

Deadline for submission
May 15, 2019

Registration open
May 15, 2019

Notication
May 20, 2019

Early-bird deadline
June 15, 2019

Final paper
July 01, 2019

Registration close
July 10, 2019

Energy

- Smart Energy Networks
- Energy Information System Management
- Innovative Energy Architectures with Cloud Technology
- Advanced Energy Storage
- Battery and Electrical Vehicles/Ships/Flights
- Renewable and Clean Energy
- Smart Buildings
- Modelling, Simulation and Optimization of Energy Systems
- Efficiency Energy Conversion and Utilization
- Energy Economics Including Life Cycle Assessment and Auditing

Environment

- Sustainable and Intelligent Transportation System
- Environmental Policy and Finance
- Urban Climate Policy
- Energy Use and Urban Air Quality
- Waste-to-Energy Conversion
- Global Energy Crisis and Its Impact on Economy and Environment
- Urban Planning and Energy Landscape
- Big Data and Visualization for Environmental Management Systems
- Carbon Capture and Storage
- Sustainable Nanotechnology

CALL FOR PAPER

Ecology

- Ecological and Environmental Impacts of Energy Consumption
- Ecosystem Modelling and Systems Ecology
- Urban Metabolism
- Urbanization and Accessibility
- Urban Economy and Energy Investment
- Intelligent Algorithm-based Decision Support for Complex Ecological Systems
- Sustainable Management of Global Natural Resources Including Forest, Land, Air and Water
- Sustainable Industrial and Agricultural Production
- Sustainable Cities and Waste Management Strategies

All accepted papers will be peer reviewed on ICEEE2019. The scientific committee will recommend high-quality papers presented at the conference for further consideration of publication in the special issues in renowned SCI-indexed journals.
